Specifications

General specifications
- Integrated on/off switch
- Temperature light
- Cool-touch handgrips
- Non-slip feet
- Lead storage
- Grease tray storage

Technical specifications
- Cord length: 1 m
- Electricity: 2000-2300 W
- Voltage: 220-240 V
- Frequency: 50/60 Hz
- Grill plate dimensions (W x D): 300 x 370 mm

Design and finishing
- Colour(s): Metal/black
- Materials: Steel housing/ALU grilling plate/plastic parts

Weight and dimensions
- Product dimensions (W x H x D): 515.9 x 73 x 312 mm
- Weight of the appliance: 4.0 kg

Product highlights

High temperature grill plate
The high temperature of the grill plate seals in all the juices and flavour of the food. That's because the moment the food comes into contact with the surface of the grill, it begins to sizzle and brown, forming a tasty crust that keeps all the goodness and flavour inside, where it belongs.

Extra thick grill plate
The extra thick grill plate retains more heat than a standard grill, so it stays hot, even when you place frozen food onto it. This constant temperature cooks food faster and more evenly. It also keeps the plate hot in those first crucial moments when you place food onto the grill, sealing in all the flavour and juices.

Ribbed-and-smooth grill plate
The versatile grill plate gives you the choice of cooking with either a ribbed or smooth grilling surface, so you can enjoy your food the way you like it. The smooth area is suitable for stir-frying and grilling small pieces of food. The ribbed surface creates that irresistible flame-grilled effect.

Adjustable thermostat
Adjustable thermostat ensures the perfect result.

Recipe booklet
Recipe booklet packed with expert tips and tasty treats.

Upright storage
Easy to store upright; tidy storage of lead and tray.

Spatula
Spatula for flipping, stirring and removing food.
